

FIVE MILLION VOTES

The Full Dress CHRISTO FOUNTAIN

This is without doubt the most wonderful and complete Soda Fountain ever built. Its many exclusive features give it a distinctiveness not found in any other fountain. It is complete in every detail. This is the only fountain built that has, in addition to complete washboard, a

Steam Table Luncheonette Compartment
Display Case (Plate Glass Top) Refrigerator
Syrup Pumps, Ice Cream Cabinets, Crushed Ice
Compartments, Basins, Cold Closets, Hot
and Cold Water and Automatic
Glass Sterilizers

It is easy to clean and easily kept clean. Every part is accessible. All the food in the luncheonette is in plain view, protected by plate glass. This fountain has a place for everything served in a first-class place.

We believe that the advertising that you will derive from this fountain is worth half its cost. People who see it will tell others, and thus the news will spread, bringing business to your store.

Compare the Christo Fountain with all others, and you will find that for simplicity, convenience and completeness none will equal it.

Every dealer that buys a fountain should buy a Christo. He not only gets the best and most value for his money, but he is helping promote the business interest of Richmond.

Christo Fountains Are All Built in Richmond

There is absolutely no need whatever sending money outside of Richmond for Fountains, Syrups or Supplies. Every good citizen that has Richmond's interest at heart should do all in his power to promote that interest.

The Christo Manufacturing Company is owned and operated by Richmond men and Richmond capital. With us Richmond is always given first consideration. We want the co-operation of every business man here.

If any of your friends are planning to buy a Fountain, let us know.
